BRUSH CLEANER

Description

HiChem Brush Cleaner is a high quality cleaner formulated to efficiently remove oil based paints and varnishes from all types of brushes, paint rollers and painters accessories. It is formulated with highly efficient solvents, conditioners and detergents. The paint is easily dissolved and lifted off the surface and removed with a single rinse in water. Overcomes the need for multiple rinses with *Mineral Turps* or similar costly thinners.

Uses

Cleans and conditions brushes and rollers after use.
Suitable for natural and synthetic bristles.
Cleans painting equipment and spills and splashes.

Application

Wipe off excess paint onto old newspaper. Allow the paper to dry, roll up and dispose of with normal rubbish. Immerse the brush or roller in *Brush Cleaner* in a container - metal, glass or plastic. Work into the bristles to dissolve the paint Allow to soak for a short time. Rinse off with water.
Stubborn or dry residue: Use a wire brush to loosen stubborn residue. Repeat soaking as necessary. Rinse with water.
May be re-used. Allow residues to settle for approx. 2 weeks then pour the clear layer into a glass or metal container. Seal container with a lid for re-use at a later date.

Storage

Store in a cool dry place. Always replace the lid securely after use.

Safety

Flammable. Wear gloves and safety glasses. No smoking.
See material safety data sheet and warnings on label.
