CONCRETE CLEANER

Description

HICHEM CONCRETE CLEANER is a heavy duty solvent based cleaner. It contains strong solvents which rapidly dissolve grease and oil. Strong detergents in the formulation help lift the grime from the surface and then allow easy rinsing away.

Uses

CONCRETE CLEANER removes oil, grease, and grime on garage floors, carports, driveways and patios.

Application

- Remove very thick build up of oil, grease, grime, dirt and mud using a scraper or stiff brush.
- Sweep area to be treated.
- Pour or brush Concrete Cleaner on to the surface to be cleaned. Scrub thoroughly using a stiff brush or broom. Allow about 5 minutes for the Concrete Cleaner to penetrate.
- Rinse off with water.
- For stubborn stains, allow surfaces to substantially dry then repeat application.

Suitable for use on concrete slabs, cement pavers, clay pavers, etc.

Do not use on sensitive surfaces such as asphalt, bitumen, concrete coatings and paving paint without first testing a small area.

Clean up

Hose off with plenty of water.

Storage

Store in a cool dry place. Always replace the lid securely after use.

Safety

Flammable liquid. Use in a well ventilated area. Do not smoke.
See material safety data sheet and warnings on label.
