MOULD KILLER

Description

HICHEM MOULD KILLER is a concentrated solution formulated for mould destruction and prevention of further mould growth.

Uses

HICHEM MOULD KILLER is ideal for use on concrete, plaster, fibro, plasterboard, brick and stone.

Surface Preparation

Thoroughly wash affected with a sugar soap solution and allow to dry.

Application

- Add one part of *HICHEM MOULD KILLER* to three parts water and stir thoroughly.
- In cases of severe mould growth, treat with a mixture of one part *HICHEM MOULD KILLER* and one part water.
- Apply with a brush or roller to entire surface area and not just to mould affected spot.
- After the first coat is dry, apply a second coat.
- Allow the treated surface to dry overnight before redecorating.

Clean up

Use warm soapy water.

Storage

Store in a cool dry place. Always replace the lid securely after use.

Safety

See material safety data sheet.
